

# beats & pieces big band

TECHNICAL AND  
HOSPITALITY RIDER  
November 2017

## LINEUP

3 x saxophones  
3 x trumpets  
3 x trombones  
2 x guitar  
piano + Nord  
bass - acoustic upright (double) bass + bass guitar  
drums  
laptop

14 musicians – tour party also includes 1 x tour manager, 1 x sound engineer and 2 x drivers (18 people total)

## RISERS

Note that we require two 6ft x 8ft risers for trombone and trumpet sections.

- Trombone riser should be at least 1ft higher than stage level
- Trumpet riser should be at least 1ft higher than trombone riser (ideally exactly twice the height of the trombone riser)

Please use attached stage layout (page 4) as a guide to position. All musicians (except drums and keyboards) will stand to perform, no chairs are required other than piano stool.

## **FOH SYSTEM & MONITORS**

The band will supply:

- FOH desk (Digico SD11i)
- CAT5 multicore. We can utilise a house CAT5 line if that is available and already run
- stagebox (Digico D-RACK)
- all microphones (see channel list - page 3)
- microphone stands
- cables for microphones

FOH mix is available at either FOH or stage with outputs on analogue XLR, and subs can be separate if required.

If there are additional performers on the same stage then we are happy to share our equipment if this makes the process easier.

The venue will supply:

- FOH speakers system with subs providing even coverage of 100% of the audience area
- a minimum of 8 monitors on 4 mixes. We will provide the mixes on XLR from our stagebox. If there are more monitors available then let us know in advance and we will determine whether it makes sense to utilise them
- 240V backline power as marked on the stageplan

## **OTHER STAGE REQUIREMENTS**

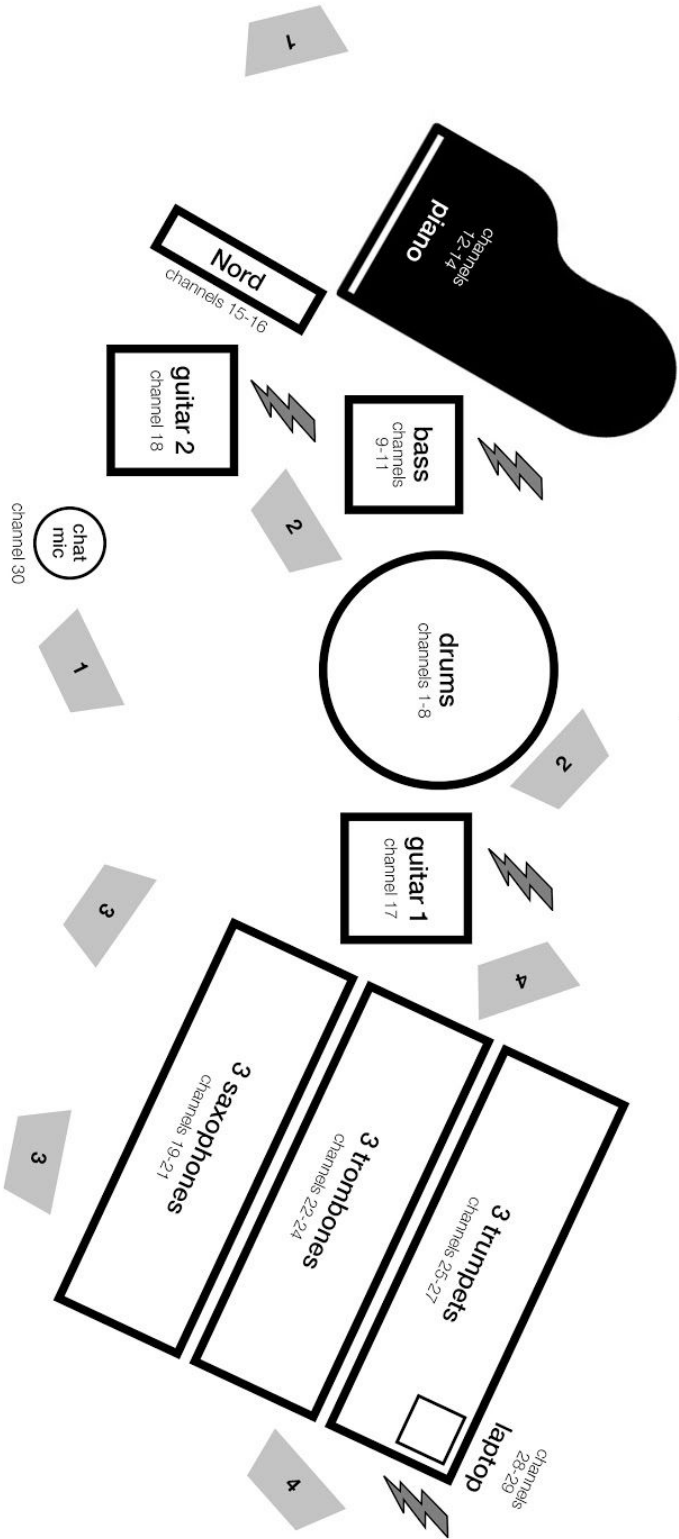

Mains power is required at 4 locations on stage – see stage layout (page 4) for details.

Please provide 16 professional music stands (no wire stands please) plus individual stand lights.

## Channel List

#	Source	Microphone	Stand
1	Kick In	Shure Beta 91A	-
2	Kick Out	Earthworks SR25	Small Boom

# beats & pieces big band

all rhythm section instruments at stage level  
 saxophones stood at stage level; trombones and trumpets stood on risers  
 all risers must be at least 6 ft (138 cm) x 8 ft (244 cm)  
 trombone riser must be at least 1 ft (30cm) higher than stage level  
 trumpet riser must be twice (2x) as high as trombone riser

⚡ = power supply required  
 ▽ = monitor wedge & mix number

audience

## **INSTRUMENTS & BACKLINE**

We require a good quality **grand piano**, professionally tuned to A=440 before our soundcheck. Please also provide a comfortable, height adjustable piano stool.

We will bring all other instruments and backline.

## **HOSPITALITY**

We require non-smoking dressing room space large enough to accommodate 16 people comfortably. All dressing rooms must be secure and lockable.

Please provide a selection of snacks (bread, fresh fruit, cakes, biscuits, crisps, sweets etc) available from time of load in, and a hot meal for **18** people between soundcheck and performance OR a buyout of £10/€15 (or local currency equivalent) per person.

**IMPORTANT – all food provided must be suitable for a severe nut allergy!**

Please provide the following drinks:

- minimum 48 x 500ml bottles of still mineral water
- minimum 48 x bottles of beer (chilled); local craft beers if possible!
- minimum 4 x bottles of NON ALCOHOLIC beer (chilled)
- 1 x bottle of good whisky
- tea and coffee making facilities (+ milk)
- selection of soft drinks – orange juice, Coke, Diet Coke, lemonade etc

## **CONTACT**

Please do not hesitate to contact one of our team if you have any questions or if anything in this document is unclear

Thanks and we look forward to meeting and working with you!
